

HUICHUN XU, MD, PhD

Research Fellow

Center for Research on Genomics and Global Health

National Human Genome Research Institute, National Institutes of Health

12 South Drive, MSC 5635, Bethesda, MD 20892

huichun.xu@nih.gov

EDUCATION

PhD, Neuroscience, University of California, Davis, 2008

Dissertation: Gene Expression Profiling Studies of Preconditioning Hypoxia in Animals and Stroke in Humans.

MD, Internal Medicine, Integrated Seven Year Honors Program for Medicine Practice & Medical Research, Hunan Medical University, Changsha, 1997

Advanced Training in Clinical Research Certificate Program (ATCR), Clinical and Translational Sciences Institute (CTSI), University of California at San Francisco, Aug 2009-June 2010

PATENT PENDING (US/International) & Commercialization

Title: Methods for diagnosing ischemia by detecting expression levels of genes differentially expressed in ischemia. Primary Inventor. Priority No. and Date: US20070915366P, May 01, 2007; International Application No. and Filing Date: PCT/US2008/062064, on April 30, 2008, publication date 13.11.2008; publication number WO 2008/137465 (A1); European Patent Office, application data 30.04.2008, Application number and publication date 08747217 , 17.02.2010 ; 10014221, 20.04.2011 publication number EP 2152907; Hong Kong application number and date 10107142.0 26.07.2010 publication number and date HK1140796 22.10.2010/A; China publication number CN101688245 (A) ; Canada Publication number CA2685382 (A1) and date 2008-11-13

Commercialization development by Ischemia Care, LLC (ISC), which is an early stage personalized medicine and molecular diagnostics company focused on stroke and TIA (Transient Ischemic Attacks).

RESEARCH/TEACHING EXPERIENCE

Research Fellow: Center for Research on Genomics and Global Health, National Human Genome Research Institute, National Institutes of Health, 12/2010-present.

Instructor: Course “Genomics” in Department of Biology, College of Arts and Sciences, University of the District of Columbia, Fall, 2011-2012

Instructor for Summer Undergraduate and Graduate Program Interns’ Journal

Club "Getting more with less: Microarray-based gene expression profiling", National Institutes of Health, Summer, 2011

AHA-Bugher Foundation Stroke Fellow: Neurology Department in University of California, San Francisco and Neurology Department in University of California at Davis, 07/2009-12/2010

Postdoctoral Fellow: Neurology Department, University of California at Davis Medical Center, 02/2009-06/2009

Graduate Student Researcher: Neurology Department, University of California at Davis Medical Center, 09/2004-12/2008

Teaching Assistant: for "The Human Brain and Disease" , Department of Neurobiology, Physiology & Behavior, UC Davis, Fall 2007

HONORS

Scholarship from Cold Spring Harbor Laboratory for Workshop: Genetics of Complex Human Diseases, August 2012

Genome Recognition of Employee Accomplishments and Talents (GREAT) Award by NHGRI Senior Leadership Team of NIH (National Institutes of Health), May 2012

Outstanding Service Award in recognition of exceptional performance in supporting the training mission of National Human Genome Research Institute (NHGRI), NIH, June 2012

Mordecai Y. T. Globus New Investigator Award in Stroke, American Heart Association, International Stroke Conference 2010

National Science Foundation Education Travel Award for ABRF2010 Satellite workshop, Association of Biomolecular Resource Facilities(ABRF) 2010.

Competitively selected to attend the Second Annual NIH National Graduate Student Research Festival by NIH in October 2007.

Outstanding Medical Student Award in comprehensive performance evaluation, Hunan Medical University, Changsha, 1993.

ACADEMIC SERVICE

Reviewer for Scientific Journals: Brain Research, Annals of Neurology, Movement Disorders Journal, The Chinese Journal of Physiology, Medical Science Monitor, Genomics, International Journal of Chronic Obstructive Pulmonary Disease, Therapy (Now titled Clinical Practice),Journal of Pharmacognosy and Phytotherapy, Proceedings of the National Academy of Sciences(Biological Sciences), Clinical Interventions in Aging, Journal of

Diabetes & Metabolism

International Grant Reviewer for the Research Grants Council (RGC) of Hong Kong, 2008

Judge for the 7th Annual DNA Day Essay Contest for high school students hosted by American Society of Human Genetics, March 2012; **Judge** for District of Columbia Science, Technology, Engineering and Mathematics (STEM) Fair, Washington DC, USA, March 24, 2012; **Judge** for the 8th Annual Graduate Student Research Symposium hosted by National Institutes of Health, Bethesda, USA, January 11, 2012; **Judge** for the 2011 Postbac Poster Day hosted by National Institutes of Health, Bethesda, USA, May 18 2011

Serve on Genome Trainee Advisory Committee, National Human Genome Research Institute, National Institutes of Health, 2012

PROFESSIONAL AFFILIATIONS

American Society of Human Genetics
